

# ONLINE TRAINING & COMPETENCY

WSLH Proficiency Testing has partnered with Medical Training Solutions (MTS) at the University of Washington to bring you customizable Online Training & Competency. [View a demo video](#) or [submit an order form](#) online at [wslhpt.org](http://wslhpt.org).

## Clinical Laboratory

Track training and competency of staff involved in all phases of laboratory testing: specimen collection, transport, processing and analysis.

## Point of Care

Administer and track competency tests for staff using microscopes, waived test kits, and instruments at the point of care.

## Specimen Collection

Track and document training and competency assessment for specimen collection staff.

WSLH PT is pleased to offer our customers online training and competency assessment for the clinical laboratory and point of care through Medical Training Solutions (MTS).

These programs are used by over 1500 laboratories and feature:

- Streamlined tracking and documentation
- High quality multimedia content developed with the University of Washington
- Over 50 hour of Continuing Education (CE) credit
- Create your own tests
- Upload and track your existing documents

The MTS Training and Competency features:

- High quality digital images
- New questions in each Competency topic are published biannually
- Simple test interfaces - multiple choice format that is easy to navigate
- Automated email notifications - one click sends reminders to your staff
- Automated login for test takers - email notifications provide an auto login link Test taker simply clicks on this link to go directly to their assignments menu
- Real time monitoring of test completions and documentation for inspectors - use the reporting feature to track progress and to generate printable reports

## ORDER OPTIONS

All order options include access for up to 30 individuals. Please consult the price list for additional fees for more than 30 users.

### Order Options for Training Courses and Competency Tests

**- BEST OPTION -**  
**Receive All Training Courses and Competency Tests for \$800!**

Items may be ordered separately or combined for savings.

View complete order options for Training Courses and Competency Tests on the 2022 Price List.

### Order Options for Microscopy Procedures (PPMP)

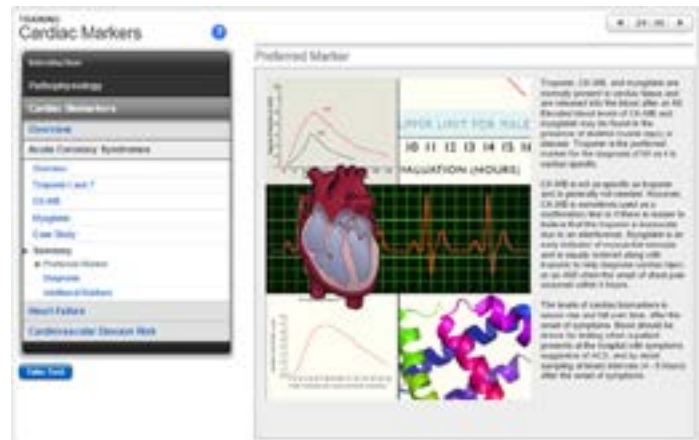

PPMP Training Courses and PPMP Competency Assessment may be ordered separately or combined for savings.

View order options on the 2022 Price List.

### Order Options for Waived Test Kits and POC Instruments (WPOC)

WPOC Competency Assessment may be ordered separately or as an add on to any Training Course and/or Competency Test order.

View order options on the 2022 Price List.

## TRAINING COURSES AND COMPETENCY TESTS

### Training Courses

**All Training Courses** PT80000  
Individual Training Courses See below

Training courses are accredited for 1-3 hours of continuing education (CE) credit and can be used for initial training, cross training, remediation, and as a reference.

**\* New Courses for 2022**

<b>Utilization Management</b>		Patient Complications	PT80510	Cerebrospinal Fluid	PT80020
Case Studies in	PT80540	Patient Identification	PT80360	Fern Test	PT80480
Laboratory Stewardship*		Pediatric Phlebotomy	PT80340	Seminal Fluid	PT80180
Managing Reference Labs*	PT80550	Skin Puncture	PT80370	Serous Fluid	PT80190
		Venipuncture	PT80380	Skin KOH	PT80490
<b>Overview</b>		<b>Specimen Transport &amp; Processing</b>		Synovial Fluid	PT80200
Introduction to Analytic QA	PT80150	Courier Transport	PT80410	Vaginal Wet Prep	PT80470
Introduction to the Clinical Laboratory	PT80060	Specimen Processing	PT80130		
Patient Safety	PT80090	Specimen Transport	PT80400	<b>Microbiology</b>	
				Gram Stain	PT80030
<b>Safety</b>		<b>Laboratory Skills</b>		Mycology	PT80070
Biosafety	PT80120	Microscopy	PT80080	Parasitology	PT80220
Chemical Safety	PT80260			<b>Blood Bank</b>	
Chemical Waste	PT80460	<b>Molecular Diagnostics</b>		Introduction to Transfusion	PT80010
Dry Ice and Liquid Nitrogen Safety	PT80500	Introduction to Molecular Diagnostics	PT80420	Transfusion Safety:	
Electrical Safety	PT80290			Ordering & Administering	PT80230
Ergonomic Safety	PT80310	<b>Chemistry</b>		Specimen Collection	PT80240
Fire Safety	PT80300	Cardiac Markers	PT80160	Testing and Issuance	PT80250
Formaldehyde Safety	PT80330	Protein Electrophoresis	PT80110		
HazCom Standard - GHS Update	PT80270	Urinalysis	PT80140	<b>Immunology</b>	
UV Safety	PT80320			ANCA	PT80450
<b>Specimen Collection</b>		<b>Hematology</b>		Anti-nuclear Antibody	PT80430
Advanced Phlebotomy	PT80350	Peripheral Blood	PT80040	Crithidia*	PT80530
Basic Phlebotomy	PT80100	<b>Coagulation</b>		Laboratory Methods	PT80050
Blood Culture	PT80390	Coagulation	PT80170	Mouse Stomach Kidney	PT80440
Infection Control	PT80280	<b>Body Fluids</b>			
		Amniotic Fluid	PT80210		

### Competency Tests

**All Competency Tests** PT81000  
Individual Competency Tests See below

Five- or ten-question multiple choice competency assessment tests (accredited for 0.5 hours of CE credit each) are published biannually on January 1st and July 1st in each category.

<b>Pre-Analytic</b>		Transfusion Safety:		Hepatitis & HIV Ab	PT81070
Chain of Custody	PT81190	Specimen Collection	PT81220	Microbiology	PT81090
Customer Service	PT81170	<b>Analytic</b>		Mouse Stomach Kidney	PT81260
Patient Safety	PT81100	ANCA	PT81270	Protein Electrophoresis	PT81120
Pediatric Phlebotomy	PT81180	Anti-nuclear Antibody	PT81080	Semen Analysis	PT81230
Phlebotomy	PT81110	Chemistry	PT81030	Toxicology	PT81150
Safety	PT81130	Coagulation	PT81040	Transfusion Safety: Testing & Issuance	PT81240
Specimen Processing	PT81140	CSF/Serous	PT81020	Transfusion Service: Basic	PT81010
Specimen Transport	PT81200	Gram Stain	PT81050	Transfusion Service: Intermediate	PT81250
Transfusion Safety:		Hematology	PT81060	Urinalysis	PT81160
Ordering & Administering	PT81210				

### Training Courses and Competency Tests combined

**All of both Training and Competency** PT80900  
Individual Training and Competency combined See above

## MTS LECTURE LIBRARY SUBSCRIPTION

PT81800

Subscription provides access to a monthly, live 1 hour webinar primarily focused on Laboratory Management topics. Subscribers may share the access with all employees in their organization. After participating in each webinar, users have the option to complete a test to earn 1.0 CE credits.

This subscription also provides the user access to the library of more than 60 archived lectures. Each lecture is archived and available on their MTS account approximately one month after the presentation date.

Upon completion of the archived lecture the user will be able to complete a 10 question test and then earn 1.0 CE credits.
